

# VSee Video Telemedicine

## Cloud Clinic™

VSee Cloud Clinic is the simplest web service and mobile app for health providers to offer consultations by video. Used by MDLIVE, Walgreens, Walmart, Davita Village Health, and InternationalSOS, VSee offers a complete suite of features:

### HIPAA P2P Video Chat

One-click Video Call

EHR Screen Share

File Send

Secure Message

Medical Device Streaming

### Patient Web Portal

Intake Form / PHR

Online Appointment

Virtual Waiting Room

Lab Test Visualization

Health Tracker Integration

Payment

### Provider Dashboard

Calendar

Call Routing / Triage

EMR SOAP Notes

Reports

ePrescribe

**VSee API/SDK** allows partners to embed Cloud Clinic into your custom branded application.

**VSee Global Services** designs and builds telemedicine mobile apps and web services based on your exact requirements.
